

Lazarus Walker
5th Grade Boys Head Coach

My love for basketball began at the age of five, and the game has been a major part of my life ever since. I grew up playing in the Campbell Basketball Program beginning in sixth grade and went on to become a four-year varsity player and three-year starter at Campbell High School. I was fortunate to leave my mark on the program, finishing fourth all-time in scoring in school history.

In 2021, I began my coaching career and founded Law of Basketball, a program created to help young athletes of all skill levels and backgrounds develop their basketball abilities while becoming better individuals. Through Law of Basketball, I have had the opportunity to work with boys and girls of different ages and skill levels, helping them build confidence, discipline, teamwork, and a strong work ethic both on and off the court.

Outside of coaching, I am also an elementary school teacher and basketball referee, which allows me to connect with young people in different ways. Being an educator has strengthened my passion for helping children grow academically, personally, and athletically.

For me, coaching is much more than basketball. I get to live out my dreams by helping the next generation discover, develop, and achieve their own. My goal is to create athletes who are not only better basketball players, but also leaders, role models, and confident individuals who can make a positive impact in their communities.

“Today is a beautiful day to get a bucket.” -Coach Lazarus Walker
