

How Rosters Are Chosen

Team selections are made through a structured evaluation process:

- **Players must attend tryouts and submit their registration form in person** Forms are handed directly to the coach of the team the player is trying out for.
- **Coaches evaluate players using official tryout sheets** Each coach records player names, grades, and performance notes during the session.
- **The Program Director reviews all tryout sheets daily** Sheets are collected at the end of each tryout and held until the next session to ensure accuracy and controlled eligibility.
- **Selections are based on multiple factors**, including:
 - Fundamental skills
 - Basketball IQ
 - Effort and coachability
 - Team fit and positional needs
 - Attitude and behavior during tryouts
