

What does my child need to bring to tryouts, and how are players evaluated?

- Athletic shoes and comfortable basketball clothing
- A labeled water bottle
- Any necessary medical items (inhaler, etc.)
- A positive attitude and readiness to work hard

We provide basketballs, so players **do not** need to bring their own.

We assess athletes across several areas to get a full picture of their skill level and team fit. Evaluations include:

- **Fundamentals:** ball-handling, passing, shooting form, footwork
- **Game play:** decision-making, spacing, defense, effort during scrimmages
- **Coachability:** listening, attitude, hustle, and how they respond to instruction
- **Team fit:** ability to work with others, communication, and overall readiness for competitive play

Our goal is to make tryouts organized, fair, and consistent so every player has a real opportunity to show what they can do.
